

## 2024.1 AGPT Registrar Education Calendar Lower Eastern NSW

**Term:** 2024.1

**Stage of training:** RACGP registrars in their GPT3+ training terms

There are three education nodes within the Lower Eastern NSW training region. These nodes determine the dates and locations of registrar's formal education. Registrars are allocated to a node on the basis of their training practice location as shown in the map below.

In 2024 RACGP NSW and ACT will offer an [optional additional educational evening webinar program for GPT1-GPT4 registrars](#). Please review the separate program and register your interest to the webinars you wish to attend.

Specific venue details will be sent to registrars in email workshop invitations.

If you are unsure which node you are in, please contact your local Program Support Officer (PSO)
