RACGP

2024 AGPT Registrar Education Calendar

Region: Western Australia

Below are the key dates for the 2024 education calendar.

Full day workshops for GPT1 and GPT2 registrars will typically commence at 8:30am and finish at 4:30pm. **Registrars are required to attend one day of each workshop only**, with preference for rural registrars to attend on Fridays. Specific details for each workshop such as program and registration information will be sent to registrars via email closer to the date.

A 4-hour mandatory workshop for GPT3 registrars and beyond will be introduced in Semester 1, 2024. This workshop will address topics such as Business of General Practice and Research for Quality Improvements. This workshop will be held on one day only, with an option for rural registrars to attend virtually via Zoom. Specific details for this workshop such as program and registration information will be sent to registrars via email closer to the date.

The Mock Clinical Competency Exam (CCE) preparation workshop will be held online **for all registrars who are enrolled to sit the CCE that semester.** As this is the mock CCE registrars are required to undertake this workshop in the place that they plan to use to sit the CCE. Please refer to the CCE exam guidelines for the recommended locations. The location must be private and have an adequate internet connection.

Small group learning workshop dates will be determined with the medical educators before the commencement of the semester and will be communicated to you approximately 4 weeks before the semester starts. A total of 40 hours will be organised. These workshops will be delivered through a mixture of virtual and face-to-face delivery. Information for the Orientation program will be communicated to registrars and their practices.

Education webinars are offered to GPT1-3 registrars, these are 90 minutes in duration and start at 8:30am and end at 10:00am. The dates for these are provided below.

Please note that the 2024 dates may be subject to change. Whilst the RACGP will endeavour not to make any changes, should a change be required due to unforeseen circumstances, we will notify you as soon as possible.
