

CPD in your practice

Professional development happens in your everyday practice. We've listed some of the common activities that you might do in your day-to-day work and matched these to the Medical Board of Australia's (MBA) CPD activity types. You can access guides and templates to support you with these activities through [myCPD Home](#).

Log the time you've spent on each activity through [myCPD Home](#). There are two ways to log these:

1. Using **Log > Group or practice activity** to log CPD for multiple GPs together
2. Using **Quick log** to log individual activities as you go

Should you require any CPD assistance please contact us on 1800 716 853 or cpd.assist@racgp.org.au.

CPD activities to log in your practice	Educational Activities Activities that expand your general practice knowledge, skills and attitudes, related to your scope of practice.
