The Victorian IMG committee are pleased to present the workshop 'Legal Aids'.

A collaboration of legal and clinical practitioners will guide you through an interactive and informative half-day session on common legal risks that are faced by new and overseas-trained practitioners.

The workshop will help you identify and understand practice, professional and personal risks and develop strategies that can be implemented to manage them.

Come away with practical strategies you can implement to avoid these potential common liabilities. Case examples, practical exercises and risk management tips will be provided

The afternoon will be a great opportunity for members to share information with peers and to meet other IMGs.
