Improve your confidence in understanding the Medicare Benefits Schedule and navigating Medicare billing.

Navigating Medicare and the Medicare Benefits Schedule (MBS) can be frustrating and confusing.

Designed specifically for GP registrars, this workshop will help develop your confidence in understanding the MBS and navigating the Medicare billing arena.

This insightful workshop will assist GPs to develop a better understanding of the scheduling system, item numbers and what constitutes appropriate documentation.

Presented by MDA Medico-legal Advisor Nerissa Ferrie and Risk Advisor Gae Nuttall, this workshop explores claiming requirements, your obligations in regards to billing and claiming, how to avoid audits and where you can access information and help.

Learning outcomes

1. Identify your obligations in regard to billing and claiming.
2. List the avenues available to the GP for obtaining MBS information and assistance.
3. Create a simple checklist to ensure all MBS documentation is appropriate and adequate.
4. Discuss the claiming requirements to follow and processes you need put in place to adhere to legislation and avoid audits.
