

Training pathways and payments

AOD Connect: Project ECHO

Join GPs and AOD mentors to discuss cases and share tips. Ideal for time-poor GPs treating patients during COVID-19.
Available to all members.

Training entry points

Essential Skills Education access

- Essential skills-based education
- An ideal starting point for GPs
- Four hours online, available via *gplearning*
- Available to all members

Treatment Skills Training access

- Complete a minimum six-hour CPD-accredited activity
- Learn how to assess, minimise harm, manage weaning and withdrawal and other treatment options
- Eligibility criteria apply
- Spaces are limited

Advanced Skills Training access

- Advanced skills development
- Based on prior learning and practice-based experience
- Plan and execute a 20-hour personalised AOD learning plan
- Eligibility criteria apply
- Spaces are limited

Pathway number 1: AOD Live

Pathway no longer available

Pathway number 2: Online self-directed learning via *gplearning*

- For GPs who prefer to complete training at their own pace and save their progress
- Online self-directed learning is available via *gplearning*

Entry Point A

GP has completed Treatment Skills Training

Entry Point B

GP is able to provide:

- evidence that they are currently treating patients with drug and alcohol misuse
