

Training pathways and payments

AOD podcasts and Project ECHO sessions

Listen to GPs and AOD mentors discuss cases and share tips. Ideal for time-poor GPs treating patients during COVID-19. Available to all members.

Training entry points

Essential Skills Education access

- Essential skills-based education
- An ideal starting point for GPs
- Two hours online, available via *gplearning*
- Available to all members

Treatment Skills Training access

- Complete a minimum six-hour CPD-accredited activity
- Learn how to assess, minimise harm, manage weaning and withdrawal and other treatment options
- Eligibility criteria apply
- Spaces are limited

Advanced Skills Training access

- Advanced skills development
- Based on prior learning and practice-based experience
- Eligible GPs will receive support to plan and execute a 20-hour personalised AOD learning plan
- Eligibility criteria apply
- Spaces are limited

Pathway no. 1: AOD Live

- Delivered as three 90-minute sessions via Zoom videoconferencing
- Listen to presentations, discuss cases in small groups and receive feedback from AOD mentors

Pathway no. 2: Online self-directed learning via *gplearning*

- For GPs who prefer to complete training at their own pace
- Complete at your own pace and save your progress
- Online self-directed learning will be available via *gplearning*

Entry Point A

GP has completed one of the two Treatment Skills Training pathways

Entry Point B

GP is able to provide:

- evidence that they are currently treating patients with drug and alcohol misuse
- evidence of prior learning in drug and alcohol misuse

Essential Skills Education payment

No payment applicable

Treatment Skills Training payment

Payment: \$1200, exclusive of GST and subject to relevant taxation, for up to 1800 GPs

Advanced Skills Training payment

Payment: up to \$2500, exclusive of GST and subject to relevant taxation, for the first 300 GPs
