

## Program 2017

All Royal Australian College of General Practitioners (RACGP) members have free online access and optional hard copy subscriptions to the *check* Program.

The *check* Program is a monthly quality improvement and continuing professional development (QI&CPD) activity and independent learning program developed by the RACGP.

Each *check* case, written by expert clinicians, includes a brief clinical scenario followed by a series of points designed to bring out the important issues for GPs to consider in the clinical history, examination, investigation and the management of patients.

### QI&CPD Program

Each *check* Program unit provides an opportunity for GPs to attain six Category 2 points in the RACGP QI&CPD Program.

Individual activities involve reading and completing the unit, then answering 10 multiple choice questions at <http://gplearning.racgp.org.au>
