

## My learning

*As an RACGP student member, the accessibility to succinct and evidence-based resources has been a great asset to me during my medical studies so far.*

— Kara Donchi, RACGP student member since 2016

## *A career in general practice*

A career in general practice offers enrichment, reward, financial security, the opportunity for personal and professional development and a truly diverse experience in practising medicine.

### **Variety and portability**

Work in a wide variety of community settings, including Australia's metropolitan, rural, remote and very remote areas and overseas.

### **Specific interests**

Pursue many areas of specific interest, including diabetes, paediatrics or palliative care.

### **Continuity of care**

Build long-term relationships, mutual knowledge, understanding and trust with patients to improve patient safety and quality of care.

### **Work-life balance**

General practice offers a variety of flexible working arrangements, including full-time, part-time, evenings or weekends, or short-term locum work.

### **Business ownership**

General practice offers the unique and exciting opportunity to be your own boss. Owning a general practice affords you career diversity, upskilling and autonomy.
