

## 2025.2 GPT1 and GPT2 Registrar Out-of-Practice Education Program

**Region:** Victoria

**Subregion:** Metro Rural South West Victoria

Registrars must attend the RACGP's out-of-practice education program during their GPT1 & GPT2 terms as a requirement to Fellow. Attendance contributes to their education hours within the registrar's TMS portfolio.

The out-of-practice education program comprises a mix of large group and small group activities facilitated either face to face or via an online platform. The peer-led small group learning (SGL) sessions are specifically focused on registrars working in a stable group with their peers and medical educators. The small group learning sessions are semi-structured and tailored to the learning needs of the group.

The out-of-practice education program is underpinned by the [RACGP Curriculum and syllabus](#).

Registrars are required to attend 54 hours in GPT1 and 48 hours in GPT2 terms.

**Please note:**

- The Program Support Officer for the South West region can be contacted by emailing [vicmrsw.pso@racgp.org.au](mailto:vicmrsw.pso@racgp.org.au).
- Registrars will receive further details about each out-of-practice education event, prior to the date.
- For some activities each registrar will be allocated to group (either Group A or Group B).
- Registrars will receive an email indicating which group they are in and therefore which calendar dates apply.

### 2025.2: GPT1

- GPT1 registrars commencing in Semester two (2025.2) will attend the Orientation Workshop and Day in the Life of GP Webinars, with registrars from other Victorian subregions (see table immediately below).
- Following these events, GPT1 registrars who begin in 2025.2 will join their subregion's out-of-practice education program as shown in the second table (2025.2: GPT1 & 2)
