

2023 AGPT Registrar Education Calendar

Region: Western Australia

Below are the key dates for the 2023 education calendar.

Full day workshops for GPT1, and GPT2 will typically commence at 8:30am and finish at 4:30pm. Registrars are required to attend one day of each workshop, with preference for rural registrars to attend on Fridays. Specific details for each workshop such as program and registration information will be sent to registrars via email closer to the date.

The GPT3 workshop will be held online. Similarly to the Clinical Competency Exam (CCE) registrars can have the option to do it from home, their clinic (by their own negotiation), or another quiet and private location with adequate internet connection.

Small group learning workshop (previously called Regional Education Day) dates will be determined with the medical educators in consultation with their small groups at the beginning of each semester. A total of 40 hours will be organised. These workshops will be delivered through a mixture of virtual and face-to-face delivery.

Education webinars are offered to all registrars. These are 90 minutes in duration and start at 8:30am and end at 10:00am. The dates for these are provided below.

Information for the Orientation program will be communicated to registrars and their practices.

Please note that the 2023 dates may be subject to change. Whilst the RACGP will endeavour not to make any changes, should a change be required due to unforeseen circumstances, we will notify you as soon as possible.

Should you have any questions with regards to the education calendar please contact:
