

2025.2 GPT1 and GPT2 Registrar Out-of-Practice Education Program

Training region: Lower Eastern New South Wales

Subregion: Central, Eastern and South West Sydney

Registrars must attend the RACGP's out of practice education program during their GPT1 & GPT2 terms as a requirement to Fellow. Attendance contributes to their education hours within the registrar's TMS portfolio.

The out-of-practice education program comprises a mix of large group and small group activities facilitated either face to face or via an online platform. The peer-led small group learning (SGL) sessions are specifically focused on registrars working in a stable group with their peers and medical educators. The small group learning sessions are semi-structured and tailored to the learning needs of the group.

The out-of-practice education program is underpinned by the [RACGP Curriculum and syllabus](#).

Registrars are required to attend 54 hours in GPT1 and 48 hours in GPT2 terms. Hours are counted differently when face-to-face or when online, please refer to the education column for hours accrued and not the time column.

Please note:

Registrars will be assigned to Small Groups on designated days and times according to their geographical location. Registrars will receive further details about which small group learning group they need to attend closer to the commencement of the 2025.2 term. In the meantime, please direct any questions to your Training Coordinators.
