

2025.2 GPT3 Registrar Out-of-Practice Education Program

Training region: North Eastern New South Wales

Training sub-region: Nepean, Western and North Sydney

Registrars must attend the RACGP's out-of-practice education program during their GPT3 term as a requirement to Fellow. Attendance contributes to their education hours within the registrar's TMS portfolio.

The out-of-practice education program comprises a mix of large group and small group activities facilitated either face to face or via an online platform. The peer-led small group learning (SGL) sessions are specifically focused on registrars working in a stable group with their peers and medical educators. The small group learning sessions are semi-structured and tailored to the learning needs of the group. The out-of-practice education program is underpinned by the [RACGP Curriculum and syllabus](#).

Registrars are required to attend 24 hours in their GPT3 term. Hours are counted differently when face-to-face or when online, please refer to the education hours column for hours accrued and not the time column.

Start Date	Time	Education hours	Name of Event	Registrar Cohort	Type	Content details of event	Location	PSO/ Contact
