

## 2026.1 GPT1 and GPT2 Registrar Out-of-Practice Education Program

### Training region: Western NSW

### Subregion: Combined Western NSW Murrumbidgee ACT and Lower South Eastern NSW

Registrars must attend the RACGP's out of practice education program during their GPT1 & GPT2 terms as a requirement to Fellow. Attendance contributes to their education hours within the registrar's TMS portfolio.

The out-of-practice education program comprises a mix of large group and small group activities facilitated either face to face or via an online platform. The peer-led small group learning (SGL) sessions are specifically focused on registrars working in a stable group with their peers and medical educators. The small group learning sessions are semi-structured and tailored to the learning needs of the group.

The out-of-practice education program is underpinned by the [RACGP Curriculum and syllabus](#).

**Registrars are required to attend 54 hours in GPT1 and 48 hours in GPT2 terms.** Hours are counted differently when face-to-face or when online, please refer to the education column for hours accrued and not the time column.

Please note:

Registrars in Lower South Eastern NSW (as indicated below the green line on the map) attend the Murrumbidgee ACT workshops in Canberra to support safe travel. This applies to locations such as the Southern Tablelands, Snowy Mountains, Mid and Far South Coast.

Start Date	Time	Education hours	Name of event	Registrar Cohort	Type	Content details of event	Location	PSO/ Contact
Registrars will be notified of when these are available	n/a	n/a	Mental Health Skills Training Level 1 online modules	All GPT1 and those GPT2 registrars that have not completed this yet	Online	<a href="https://www.thinkgp.com.au/education/mental-health-skills-training-core-module">https://www.thinkgp.com.au/education/mental-health-skills-training-core-module</a>	Online in registrars own time	n/a
Wednesday 04/02/2026	9.00am – 5.00pm	8	Frameworks Day	GPT2	Large	'Making the right choice' – rational test ordering and screening in general practice, the diagnostic mind: clinical reasoning and decision making in general practice, doctor's health and wellbeing, the art of diagnosis: sharpening physical examination skills	Rex Hotel Canberra	Grishma Gurung
