

2026.2 GPT1 Registrar Out-of-Practice Education Program

Training region: Victoria

Sub-region: Metro West

Registrars must attend the RACGP's out-of-practice education program during their GPT1 term as a requirement to Fellow. Attendance contributes to their education hours within the registrar's TMS portfolio.

The out-of-practice education program comprises a mix of large group and small group activities facilitated either face to face or via an online platform. The peer-led small group learning (SGL) sessions are specifically focused on registrars working in a stable group with their peers and medical educators. The small group learning sessions are semi-structured and tailored to the learning needs of the group.

The out-of-practice education program is underpinned by the [RACGP Curriculum and syllabus](#).

Registrars are required to attend 54 hours in GPT1 term.

Please note:

- Any enquiries regarding the program can be directed to vicmw.pso@racgp.org.au
- Registrars will receive further details regarding the program for each out-of-practice education event, prior to the date.
