

# 2026 AGPT Practice Manager Professional Development Calendar - VIC

Updated as at 12.06.2026

The RACGP recognises and supports the professional development and networking of practice managers as critical to the delivery of quality general practice training.

Practice managers educational events are offered both locally face-to-face and regionally online to ensure all practice managers have access to professional development. These events present an excellent opportunity to connect with your fellow peers, your practice manager liaison officer, operational teams and medical educators in a friendly and collegiate environment.

Eligible practice managers located in MMM 2-7 practices may be eligible for reimbursement of travel expenses to face-to-face events. If this applies to you, please contact the event coordinator in your subregion for assistance before booking travel. For more information, refer to Schedule 5 of the [Flexible Funds policy](#).

To register your attendance at any of these events, please read the information outlined in the calendar below.

## 'Power Hour' webinars

Invitations and the registration link will be emailed by your training coordinator. Visit your TMS Dashboard for their contact details.

## Practice Manager face-to-face workshops

Practice managers at all accredited practices are welcome to attend professional development events. Face-to-face workshops are offered in two formats: exclusively for practice managers, and joint with supervisors. At joint events, practice managers join the first half of the day to engage in discussions on topics relevant to both roles.

Invitations and the registration link will be emailed by the program support officers in your subregion. For further information and registration enquiries for each subregion, please use the contact information details on the last page.
