

2026 VIC Metro West Supervisor Professional Development Calendar

Supervisor Educational program events offered within Vic **Metro West** in 2026 are detailed below.

In 2026 peer-led small group learning sessions will be a significant component of the local training area events and we look forward to building ongoing connections and engagement between supervisors within each local training area.

GP supervisors will be invited to attend individual events based on their local training area, however attendance at any event or location is welcome. Refer to the [2026 Vic SPD Calendar](#) for a list of all Vic and sub-region events. Face-to face events present an excellent opportunity to connect with your fellow supervisors and medical educators in a friendly and collegiate environment.

All the events listed in this calendar will meet the RACGP Supervisor Professional Development (SPD) requirements and attract CPD hours when attending the “live” event. The RACGP will provide a supervisor professional development stipend to eligible training sites each semester. Please review the recently updated [Supervisor professional development \(AGPT\)](#) document for more information.

Supervisors will receive a registration invitation outlining the planned program for each individual event closer to the date, and this calendar will be updated accordingly.

Your local training area Supervisor Support team medical educators are available to provide educational support - please see the contact information at the end of the calendar.

Direct all Metro West SPD event enquiries to vicmw.pso@racgp.org.au
