

2026.1 Hospital Registrar Education program

Training region: Queensland

Registrars in their Hospital year of training are invited to attend a series of face-to-face education sessions and webinars throughout the year. These are a great chance to meet your cohort and consider how to approach your hospital work through a lens of a future GP.

Attendance at these sessions is not mandatory and it should be noted that there are no education hours awarded, however, registrars are encouraged to attend as many sessions as possible.

Registrars can self-register for these events when invitations are sent.

Please note:

- Any enquiries regarding the program can be directed to QLDEducationSupport@racgp.org.au
- Registrars will receive further details regarding education sessions prior to the date of the event.
- *Calendars are subject to change. Changes will be communicated directly to registrars as soon as possible.*
