

## 2026.1 GPT1 and GPT2 Registrar Out-of-Practice Education Program

**Region:** Victoria

**Subregion:** Rural North West

Registrars must attend the RACGP's out-of-practice education program during their GPT1 & GPT2 terms as a requirement to Fellow. Attendance contributes to their education hours within the registrar's TMS portfolio.

The out-of-practice education program comprises a mix of large group and small group activities facilitated either face to face or via an online platform. Workshops include both large group and small group activities, whilst the peer led small group learning (SGL) sessions are specifically focused on registrars working in a stable group with their peers and medical educators. The small group learning sessions are semi-structured and tailored to the learning needs of the group.

The out-of-practice education program is underpinned by the [RACGP Curriculum and syllabus](#).

Registrars are required to attend 54 hours in GPT1 and 48 hours in GPT2 terms.

\*Please note:

- Small group learning sessions comprise a combination of:
  - registrar experience driven learning;
  - registrar priority topics - both registrar and medical educator facilitated; and,
  - agreed topics facilitated by medical educator and/or guest speakers
- Topics addressed in small group learning sessions will be planned with registrars and shared prior to the sessions.
