2. You will be presented with two options as pictured below.

Manage Practice Profiles – this is where you view and make relevant changes to your practice profile should you have the required access.

Practice Delegation – this is where you can see who has access to make changes to the practice profile and what their role is. If any changes are required, you will need to contact your relevant Training Coordinator.

3. Select 'Manage Practice Profiles' once you do this, you'll be directed to a page that lists all the practices that you're listed as the practice manager.

4. In order to view a practice profile you need to click on the name of the practice.

(If you cannot click on the practice names, this means you do not have the required access and need to contact your relevant training coordinator)

5. Once you've clicked on the practice name, you will be directed to the practice profile.
