

## **2020 Influenza Vaccine Supply Update 5 June 2020**

Dear Immunisation provider,

Please refer to the following important advice regarding influenza vaccine supply.

### **Senior Influenza Vaccine (>65 years) out of stock**

- Influenza vaccine for people aged 65 years and over is now out of stock and we do not anticipate receiving additional supplies from the Commonwealth.
- Patients aged 65 years and over seeking influenza vaccination can be referred to the list of medical practices with available stock at <https://www.health.nsw.gov.au/immunisation/Documents/gp-flu-vaccine.pdf>.
- Alternatively, they can be offered a standard quadrivalent influenza vaccine to protect against influenza.
- If you wish to be added to the list of practices with available vaccine supply please complete the following survey <https://survey.sogosurvey.com/r/FndQGn>

Please visit the [NSW State Vaccine Centre \(https://nsw.tollhealthcare.com/\)](https://nsw.tollhealthcare.com/) notice board for regular vaccine supply updates.

Regards,  
NSW Health
