

Priority telephone support for GPs

- Call the Communicable Disease Control (CDC) Hotline:
 - 1300 651 160
 - Press 0 for 'COVID-19, novel coronavirus or calling to let us know you have been at an exposure site in Victoria or elsewhere'
 - Press 4 for 'medical practitioner - this is a priority line'
 - Triage will then assess and transfer/re-direct to the CCOM central team or LPHU that is managing the exposure site.
