

# When and where can *you* get the COVID-19 vaccine?

Find out when you're eligible for the vaccine by using the Vaccine Eligibility Checker:  
[covid-vaccine.healthdirect.gov.au/eligibility](https://covid-vaccine.healthdirect.gov.au/eligibility)

The Department of Health and Healthdirect have developed the eligibility checker to help you find out when you can get the vaccine.

You'll be asked questions about your age, location, job and health.

If your GP isn't dispensing the vaccine, you can find a provider through the Vaccine Clinic Finder linked from the eligibility checker.

Or call the National coronavirus and COVID-19 vaccine helpline on **1800 020 08**
