combination antidepressants	397–400		
patient's account, manic depression	361		
mental health assessment, young people	94–7		
mental health risk assessment	366–9		
middle aged, frontotemporal dementia	968–72		
mifepristone, induced abortion, South Australia	342–5		
mind-body therapies, in menopause	286–9		
minocycline induced hyperpigmentation	701–2		
motor accident insurance authority forms	821–4		

- motor neurone disease, care in general
practice 962–6
- multiple sclerosis 947
- diagnosis, management and prognosis 948–55
- musculoskeletal injuries
Bennett fracture dislocation 394–6
mallet finger 47–8
- myocardial infarction, and sore throat 293–4
- N**
- nail diseases 480–4
- nerve conduction studies 693–7
patient information 698
- nonaccidental injury in childhood 858–61
- nongenital warts, recalcitrant 40–2, 263
- nutrition care, patients with chronic disease, in
general practice 463, 662
- obstructive sleep apnoea 886–7, 890
- occupational diseases/prevention, pre-
employment medical 541–4, 661–2
- occupational violence, patient aggression towards
general practice staff 415–18, 893
- odorous vaginal discharge 611–13
- oesophageal rupture, and sore throat 605–6
- older patients
asymptomatic bacteriuria prevalence 805–9
frontotemporal dementia 968–72
and heatwaves, GP role in reducing
morbidity 637–40
- online course in clinical education, clinicians’
experience 1000–3
- opioid substitution therapy, GP involvement in
prescribing 241–5, 362–3
- opportunity costs, and trade offs 261
- oscillometric blood pressure devices 131, 263
- osteoporosis, dual energy X-ray
absorptiometry 43–4, 45
- P**
- palliative care
end stage heart failure 183–4
GP role in 517–18, 661
- paperwork
Centrelink forms 339–40
death certificates 446–9
Department of Veteran’s Affairs forms 163–4
fitness to drive forms 930–2
insurance – personal accidents, illness and
death 631–3
legal medicine reports 246–8
motor accident insurance authority forms 821–4
pre-employment medical 541–4
report preparation in family law matters 1009–10
sickness certificates 69–71
workers’ compensation forms 730–3
- paracetamol, and pre-existing liver disease 565
- patent foramen ovale, in transient ischaemic
attack 9
- patient centred care, international medical
graduates as novices in 895–900
- patient initiated aggression, towards general
practice staff 415–18, 893
- peer review, for quality improvement in general
practice 30–2
- people with disabilities 181
behavioural concerns, intellectual
disability 198–200
cerebral palsy in childhood 192–6
Down syndrome, healthcare issues 202–8, 363
intellectual disability 187
medical specialists for adults with disabilities 363
sex and intellectual disability 188–91
sexuality and sexual abuse, women with
intellectual disabilities 226–30
- pericarditis, clinical features and
management 791–6
- pharyngeal space tumours, in obstructive sleep
apnoea 886–7, 890
- physical activity, screening methods, in general
practice 57–61
- pitted keratolysis 123–4
- poisoning, anticholinergic syndrome 789–90
- polymyalgia rheumatica, diagnosis and
management 303–7
- pre-employment medical, nuisance or
opportunity? 541–4, 661–2
- pregnancy
antenatal screening, first and second
trimester 785–7
folic acid in, link to childhood asthma 421–4
unintended, and access to contraception 849
- prepubertal hymen 873–5
- primary care health workforce, effectiveness
of 851
- primary care research funding, the Inverse Care
Law 615
- primary healthcare system in Australia, and
Medicare Locals 995–9
- primary hyperparathyroidism, and vitamin D
supplementation 881–4
- problem solving therapy, consultation time
concerns, depression in general practice 334–6
- procedural skills teaching, in general practice 63–7
- prostate cancer, localised, treatment
options 768–81
- prostate specific antigen (PSA) test 497–500, 755
patient information 501
- proton pump inhibitors, uncommon adverse
effects 705–8
- psoriasis 468–73
- pulmonary embolism, V/Q SPECT for 9–11
- Q**
- quality assurance
communities of practice approach 72–5
in general practice, through peer review 30–2
- R**
- rashes
and drug reactions 486–9, 701–2, 982–3
hyperpigmentation 701–2
monomorphous papulopustular 982–3
pitted keratolysis 123–4
- recalcitrant nongenital warts 40–2, 263
- recurrent haemoptysis 128–9
- recurrent vulvovaginal candidiasis, current
management 149–51
- report preparation, legal medicine 246–8
- research
involving students in Cochrane reviews 803
Victorian practice based research network 49
see also general practice research
- research funding 413, 615
- respiratory tract diseases
recurrent haemoptysis 128–9
spirometry 216–19, 221–2
