

RACGP

Who's bringing general practice training back to the profession?

We are.

RACGP. We stand for you.

RACGP student membership opens the doors to a community of experienced GPs and like-minded students who are interested in a career in general practice. With opportunity for personal and professional development and satisfaction, general practice offers true diversity. The RACGP provides its members with access to training, education, mentorship and much more.

***gplearning*, an online education platform**

Access over 300 hours of interactive learning, ideal for developing your clinical knowledge and practising for your exams.

check*, available through *gplearning

If you love clinical case studies, then *check* – an independent learning program written by expert clinicians – is for you.

Database resources and e-books

The John Murtagh Library's online databases are a helpful resource for your research projects and assignment preparation. Access podcasts, downloads and audio journals.

When you become a member you will access savings on RACGP events and workshops, clinical publications such as the Australian Medicine's Handbook, as well as dining, leisure and retail experiences.

Upgrade your student membership for \$80 and receive a 12 month subscription to Australian Journal of General Practice.

To find out more about an RACGP student membership, contact the RACGP on **1800 472 247** or visit **racgp.org.au/membership**.

We are who we stand for
