

2025 GPT1 and GPT2 Registrar Out-of-Practice Education Program

Region: Victoria

Subregion: Metro Rural South West Victoria

Registrars must attend the RACGP's out-of-practice education program during their GPT1 & GPT2 terms as a requirement to Fellow. Attendance contributes to their education hours within the registrar's TMS portfolio.

The out-of-practice education program comprises a mix of whole group and small group activities facilitated either face to face or via an online platform such as Zoom. Workshops include both whole group and small group activities, whilst the peer led small group learning (SGL) sessions are specifically focused on registrars working in a stable group with their peers and medical educators. The small group learning sessions are semi-structured and tailored to the learning needs of the group.

The out-of-practice education program is underpinned by the [RACGP Curriculum and syllabus](#).

Please note:

- The Program Support Officer for the South West region can be contacted by emailing vicmrsw.pso@racgp.org.au.
- Registrars will receive further details about each out-of-practice education event, prior to the date.
- For some activities each registrar will be allocated to group (either Group A or Group B).
- Registrars will receive an email indicating which group they are in and therefore which calendar dates apply.
