

2025.1 GPT1 and GPT2 Registrar Out-of-Practice Education Program

Training region: Tasmania

Registrars must attend the RACGP's out of practice education program during their GPT1 & GPT2 terms as a requirement to Fellow. The program consists of peer led small group learning and larger group sessions. Attendance contributes to their education hours within the registrar's TMS portfolio.

The out-of-practice education program comprises a mix of large group and small group activities facilitated either face to face or via an online platform such as Zoom. Workshops include both large group and small group activities, whilst the peer-led small group learning (SGL) sessions are specifically focused on registrars working in a stable group with their peers and medical educators. The small group learning sessions are semi-structured and tailored to the learning needs of the group.

Registrars are required to attend 54 hours in GPT1 and 48 hours in GPT2 terms.

The out-of-practice education program is underpinned by the [RACGP Curriculum and syllabus](#).
