

**31%** Membership support, connection and representation

**A College that knows you and stands with you.**

Through your faculty and member services, you have:

- practical support for your work and wellbeing
- connection to peers and your local GP community
- representation on the issues affecting your practice and patients
- opportunities to stay engaged, contribute and shape the profession
- support that reflects the diversity of general practice across Australia.

**19%** Advocacy, policy and research

**A stronger voice for you and your patients.**

We advocate on your behalf, influence decisions that affect your practice, and build the evidence for reform – helping protect your profession and improve your working conditions.

**9%** Workforce initiatives

**Strengthening the future of general practice.**

We advocate for more training places, fairer recognition of part-time work, improved incentives, and better support for GPs working in rural and regional communities.

**10%** Conferences and events

**Connection, learning and recognition.**

From national conferences, which are delivered on a cost-neutral basis, to local events and Fellowship ceremonies, you can stay connected, keep learning, and be recognised as part of your professional community.

**13%** Your CPD home

**Simple, trusted CPD that works for you.**

Plan, complete and track your CPD in one place with MyCPD, with personalised guidance and the confidence of a nationally recognised program that supports your ongoing growth.

**18%** Publications, media and professional resources

**Trusted information to support your practice.**

Access clinical guidance, point-of-care tools, library resources and trusted publications that keep you informed, support your clinical decisions, and strengthen the visibility of general practice.

# Your membership fees at work

**Your fees support the things you told us matter most to you as a GP:**  
a stronger voice, practical support in your day-to-day work, and a profession that's sustainable into the future.

# What your College is delivering

## A stronger, more inclusive profession

- Clear position on racism in healthcare
- Ongoing implementation of the Aboriginal and Torres Strait Islander Cultural and Health Training Framework
- Supporting a more inclusive, culturally safe and forward-looking profession

## Member support

Support across every stage of your career

**70%** of you – a figure that keeps growing – would recommend RACGP membership

Your feedback is shaping improvements to the guidance, resources and support you rely on – helping you navigate practice with clarity and confidence.

## Growing the future GP workforce

**\$751.3 million**

secured through a five-year Federal Government agreement.

**2000+ doctors**

commenced training in 2026.

**Growing the future GP workforce**  
– supporting the sustainability of your profession.

## CPD

**Over 40,000 GPs**

supported to meet their CPD requirements with ease and confidence.

**5000+**

GP-designed and approved activities.

**Professional growth made simple.**  
**Compliance made easy.**

## Advocacy

**95%** of members say advocacy matters – and we're acting on it

Recent outcomes:

- **\$248.7 million** GP training incentive package, including a \$30,000 incentive and study and parental leave
- ADHD reforms to expand GPs' role in diagnosing and caring for patients
- \$24 million to reinstate GP ECG rebates

**Advocating for increased funding, cutting redtape and more time with patients.**

## Rural Generalists

Rural Generalism now recognised as a subspecialty after six years of advocacy. AMC accreditation application submitted for RACGP's RG Fellowship. Strengthening rural career pathways and improving access to care.
