

2025 AGPT Supervisor Professional Development Calendar - Queensland

The RACGP recognises and supports the professional development and networking of supervisors as critical to the delivery of quality general practice training.

Supervisor educational events are offered both locally face-to-face and regionally online to ensure all supervisors have access to supervisor professional development (SPD). These events present an excellent opportunity to connect with your fellow supervisors and medical educators in a friendly and collegiate environment.

In QLD, supervisor education activities run by your local RACGP team are eligible for SPD hours which count towards SPD requirements and stipend payments at eligible training sites. Please read the [Supervisor Professional Development](#) document for more information. CPD hours will also be awarded for full attendance. Please see the [CPD for General Practice Supervisors](#) document for more information

Supervisors located in MMM3-7 practices with a current registrar may be eligible for reimbursement of travel expenses to face-to-face events. If this applies to you, please contact your Training Coordinator for further assistance. For more information, refer to the [Flexible Funds policy](#).

To register your attendance please follow the registration links outlined in the calendar. Please note that face to face workshop registrations close 2 weeks prior to commencement and webinar registrations close 24hours prior to commencement. Each webinar session also has its own unique registration link, and individual registrations are required.

Supervisor Events

Open to all accredited GP Supervisors

New supervisor training (by invitation only)

Open to new GP Supervisors only

In QLD, it is a requirement for all new supervisors working in general practice to complete the Foundational webinar series. This series consists of 4 weekly webinar sessions, covering modules 1-7 of the Foundations of GP Supervision Program. New supervisors are invited to register their attendance after their application to be a supervisor has been accepted.

General Events

Open to RACGP Registrars, Supervisors and Medical Educators

Journal Club is an opportunity to come together and appraise journal articles, discussing implications for clinical practice on topics chosen by journal club members in a safe and friendly forum. All registrars, supervisors and medical educators are welcome to join and will be sent an invitation to RSVP and the journal article in advanced. For more information or general enquiries about the journal club, please contact qldeducationsupport@racgp.org.au
