

Candidate Statement

I have thoroughly enjoyed the opportunity of being a co-opted member of the WA State Faculty for 2026 and would love to be able to continue to learn from and contribute to the work of the council and its members.

As the outgoing WA New Fellows Committee chair and WA representative on the National New Fellows committee I can bring the perspective of those still finding their feet as a GP. During my time as chair, I worked with the committee and faculty to initiate our successful Family Fun Days and Find Your Night events, as well as the development of a Terms of Reference for the committee. As a Zillennial I can help the council maintain a broad and future focused perspective representative of our diverse members and stakeholders. I have also been acting as an unofficial GP consultant to the RACGP social media team, meeting with them regularly to provide feedback on the RACGP's social media strategy and the development of engaging social media content.
