

2025.1 GPT1 and GPT2 Registrar Out-of-Practice Education Program

Region: Victoria

Subregion: Rural North West

Registrars must attend the RACGP's out-of-practice education program during their GPT1 & GPT2 terms as a requirement to Fellow. Attendance contributes to their education hours within the registrar's TMS portfolio.

The out-of-practice education program comprises a mix of large group and small group activities facilitated either face to face or via an online platform such as Zoom. The peer led small group learning (SGL) sessions are specifically focused on registrars working in a stable group with their peers and medical educators. The small group learning sessions are semi-structured and tailored to the learning needs of the group.

The out-of-practice education program is underpinned by the [RACGP Curriculum and syllabus](#).

Please note:

- The Program Support Officer(s) for Rural North West region can be contacted at vicrnw.pso@racgp.org.au
- Registrars will receive further details for each out-of-practice education event, including the program and the specific address, prior to the date.
