

Fellowship Support Program small group learning session schedule

Out-of-practice teaching and small group learning (SGL) sessions are mandatory. You'll need to communicate with your training site to ensure you can attend. If you miss a session, you'll need to discuss this with your Medical Educator (ME) and plan how you'll make up the missed learning opportunity.

Below is a schedule of SGL sessions per general practice training (GPT) term. You'll be invited to attend a specific date with your ME for each month.

GPT 1

		Topic					
		[#1] Orientation	[#2] Significant events analysis	[#3] Difficult consultations	[#4] Reflective practice	[#5] All about exams -AKT and KFP preparation and exam eligibility	[#6] Clinical reasoning
Week	3						
	8						
	12						
	16						
	20						
	23
